Quickstep Footwear: customer communication procedure

Effective 16 October 2026 · Owner: Hannah Quist

1. Packing inserts

Only the packing slip and the care card go in a parcel. The "Tell us how we did" card with a gift card offer was withdrawn on 15 October 2026 and all remaining stock of it (about 1,400 cards) was destroyed on 15 October 2026.

2. Review requests

We use only Amazon's own "Request a Review" button, for every customer, regardless of how the order went.

3. Approval

Any new insert or message to customers must be read and approved by the owner before printing. The owner keeps a dated file of approved inserts.

Invented document for software testing. Not a real record.
